In the event a claim is made against the State for any such claim, cause of action, liability, damage, cost or expense, State may, at its sole option: (i) tender the defense to Contractor, who shall provide qualified and competent counsel to represent the State interest at Contractor's expense; or (ii) undertake its own defense, utilizing such professionals as it deems reasonably necessary, holding Contractor responsible for all reasonable costs thereof. In any event, the State shall have the sole right to control and approve any settlement or other compromise of any claim brought against it that is covered by this Section.

P. Contractor shall adhere to all relevant FSSA Security Policies for any related activities provided to FSSA under this Contract. Contractor is responsible for verifying that any subcontractors they engage will also comply with these policies. Any exceptions to these policies require written approval from the FSSA Privacy & Security Office.

Q. Access to FSSA and/or State Information Systems.

- 1) "FSSA and/or State Information Systems" means all computing hardware and related components, all computer software and related components, all network devices and related functions, and data owned by, licensed to, in the legal custody of, and/or operated by FSSA and/or the State.
- 2) If the Contractor, in the performance of Contractor's services under this Contract, is authorized and granted by the State with access to FSSA and/or State Information Systems:
 - a) Contractor agrees that it and all members of its workforce (as used here, "workforce" means employees, volunteers, interns, trainees, (sub)contractors, and other persons whose conduct is under the control of Contractor) performing such services will comply with all FSSA and State Privacy and Security Policies and Procedures.
 - b) All members of Contractor's workforce who are or will be granted access to FSSA and/or State Information Systems will undertake and certify completion of all FSSA and State mandated privacy and security training following a schedule reasonably required by FSSA and the State (e.g., upon new hire/assignment and annually thereafter).
 - c) All members of Contractor's workforce who are or will be granted access to FSSA and/or State Information systems will agree in writing or through electronic confirmation to the rules of behavior regarding access to and use of FSSA and/or State information systems; such rules of behavior include but are not limited to the State Information Technology Resources User Policy ("ITR").
 - d) All members of Contractor's workforce who are or will be granted access to the FSSA Division of Family Resources ("DFR") eligibility and enrollment systems, a subset of FSSA Information Systems as defined by DFR, will agree in writing or through electronic confirmation to the DFR Rules of Behavior.

 - g) Access to and usage of FSSA and/or State Information Systems is controlled through role-based access privileges and follows the principle of least privilege, meaning users are granted access to/usage of only the minimum amount of information and system functions necessary to perform their role or job assignment. As such, FSSA or its designee will provide Contractor with a list of roles it deems necessary for Contractor to perform the services; Contractor will identify each individual workforce member who requires access to/usage of FSSA and/or State Information Systems and the role to be assigned to each individual. Contractor will certify in writing that the role assigned to each individual workforce member is necessary and appropriate

for the individual to perform their job assignment with respect to the performance of Contractor's services under this Contract.

- h) FSSA will authorize and grant Contractor workforce member access privileges based on the requested and certified role in a timely manner; FSSA and IOT reserve the right to withdraw such authorization for any workforce member, with or without cause, at any time and without prior notice.

- k) The FSSA Privacy and Security Office (or its designee) and Contractor will collaborate on the methods and means to identify workforce members requiring access, certification, changes, and other communications under this subsection.

R. 45 CFR §155.260 Compliance.

- 1) FSSA participates in a PII data exchange with the Centers for Medicare and Medicaid services ("CMS") mandated under the Affordable Care Act ("ACA", Public Law 111-148). The receipt of PII data from CMS through this data exchange ("ACA PII") is in support of the determination of eligibility for healthcare coverage for individuals, which is a primary function of DFR. DFR is designated as the Administering Entity on behalf of FSSA under a computer matching agreement with CMS and, per the terms of that agreement, is obligated to comply with the provisions of 45 CFR §155.260 and §155.280 regarding the privacy and security of ACA PII and that such compliance will be achieved through the application of the privacy and security standards and obligations established in the Minimum Acceptable Risk Standards for Exchanges ("MARS-E") promulgated by CMS, including any subsequent versions issued by CMS.
- 2) 45 CFR §155.260(b)(2)(v) requires DFR on behalf of FSSA to bind all downstream entities with which ACA PII is shared to same privacy and security standards and obligations that DFR is obligated to comply with, subject to the provisions under 45 CFR §155.260(b)(3) and in compliance with the monitoring provisions under 45 CFR §155.280.
- 3) In this regard (pursuant to the immediately preceding):
 - i. Contractor understands that in the performance of its services under this Contract Contractor will be given access to and usage of ACA PII to the extent necessary to perform such services; such access and usage of ACA PII is hereby authorized by the State.
 - ii. Contractor agrees that such ACA PII is subject to the same provisions of this Section as apply to PII and PHI, including but not limited to subsection F Improper Disclosure, Security Incident, and Breach Notification.
 - iii. Contractor further agrees that it will employ privacy and security standards over such ACA PII that are consistent with and being at least as protective as the privacy and security standards employed by DFR as described in paragraph 1) above taking into consideration: (i) the environment in which the Contractor is

operating; (ii) whether specific standards are relevant and applicable to the Contractor's duties and activities in the performance of the services; and, (iii) existing legal requirements to which Contractor is bound in relation to its administrative, technical, and operational controls and practices, including but not limited to, its existing data handling and information technology processes and protocols.

- iv. Contractor additionally agrees that the privacy and security standards it employs over ACA PII will be consistent with the principles established in 45 CFR §155.260(a)(3) and that Contractor will bind any subcontractors with authorized access to ACA PII to the same or at least as protective as the privacy and security standards Contractor employs over ACA PII.
- v. Contractor agrees that it will comply with the applicable provisions under 45 CFR §155.260 as a non-exchange entity; specifically, Contractor will comply with the MARS-E 2.2 privacy and security control requirements and with any subsequent versions of those control requirements promulgated by CMS with Contractor's compliance with those subsequent versions to be achieved by the compliance date established by CMS in such subsequent versions.

S. Information Systems Outside of the State Network, including Cloud-based Services.

- 1) To provide the Services under this Contract, if the Contractor employs or provides Information Systems that are external to the State Network, in whole or in part, then:
 - i. The External Information Systems will be FedRAMP Authorized at the FIPS 199 Moderate level.
 - ii. Contractor will provide the State with a copy of the current FedRAMP Authorization(s) for the External Information Systems provided or employed under this Contract and any renewed FedRAMP Authorization(s) issued thereafter.
 - iii. Contractor will provide the State with a copy of the most recent SOC 2 (Service Organization Control Type 2) report for the External Information Systems provided or employed under this Contract and annually thereafter as each annual SOC 2 report is completed.
 - iv. If the most recent SOC 2 report(s) contains a qualified opinion by the service auditor, Contractor will provide the State with its Plan of Action & Milestones to resolve the qualified opinion. The State has the right to terminate the Contract (in accordance with the terms herein) if Contractor materially fails to resolve the deficiencies identified in the SOC 2 report in a timely manner consistent with its Plan of Action & Milestones or fails to receive an unqualified opinion by the service auditor on the next, annual SOC 2 report.
 - v. The State has the right to terminate the Contract (in accordance with the terms herein) if the Contractor's External Information Systems are no longer FedRAMP Authorized at the FIPS 199 Moderate level.
 - vi. Contractor agrees that all External Information Systems provided or employed under this Contract by Contractor are subject to the requirements specified under Section R above.

- vii. Contractor agrees that these Section S requirements apply to all instances of External Information Systems provided or employed by Contractor to provide the Services, including if such External Information Systems are provided, in whole or in part, by one or more third parties, such as Cloud-service Providers, under a separate agreement between the Contractor and the third-party(ies). The FedRAMP Authorizations and the SOC 2 reports are then required for both the Contractor's External Information Systems and the third-party(ies) External Information Systems.
- viii. As used in this Contract, "External Information Systems" means any information system that is external to the State network; that is, not physically housed on State premises and connects to the State network through a State-approved connection such as secured web services, Virtual Private Network, secured data exchanges, and similar methods. This includes Cloud-based Services. The External Information Systems may include application software, computing infrastructure and hardware, data management and storage systems, middleware, and similar computing components, in total or in part, and whether provided solely by Contractor through Contractor's agreement with third parties, necessary for Contractor to deliver the Services.

13. Continuity of Services.

- A. The Contractor recognizes that the service(s) to be performed under this Contract are vital to the State and must be continued without interruption and that, upon Contract expiration, a successor, either the State or another contractor, may continue them. The Contractor agrees to:
 - 1. Furnish phase-in training; and
 - 2. Exercise its best efforts and cooperation to effect an orderly and efficient transition to a successor.
- B. The Contractor shall, upon the State's written notice:
 - 1. Furnish phase-in, phase-out services for up to sixty (60) days after this Contract expires; and
 - 2. Negotiate in good faith a plan with a successor to determine the nature and extent of phase-in, phase-out services required. The plan shall specify a training program and a date for transferring responsibilities for each division of work described in the plan, and shall be subject to the State's approval. The Contractor shall provide sufficient experienced personnel during the phase-in, phase-out period to ensure that the services called for by this Contract are maintained at the required level of proficiency.
- C. The Contractor shall allow as many personnel as practicable to remain on the job to help the successor maintain the continuity and consistency of the services required by this Contract. The Contractor also shall disclose necessary personnel records and allow the successor to conduct on-site interviews with these employees. If selected employees are agreeable to the change, the Contractor shall release them at a mutually agreeable date and negotiate transfer of their earned fringe benefits to the successor.
- D. The Contractor shall be reimbursed for all reasonable phase-in, phase-out costs (i.e., costs incurred within the agreed period after contract expiration that result from phase-in, phase-out operations).

14. Debarment and Suspension.

- A. The Contractor certifies by entering into this Contract that neither it nor its principals nor any of its subcontractors are presently debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded from entering into this Contract by any federal agency or by any department, agency or political subdivision of the State of Indiana. The term "principal" for purposes of this Contract means an officer, director, owner, partner, key employee or other person with primary management or supervisory responsibilities, or a person who has a critical influence on or substantive control over the operations of the Contractor.
- B. The Contractor certifies that it has verified the state and federal suspension and debarment status for all subcontractors receiving funds under this Contract and shall be solely responsible for any recoupment, penalties or costs that might arise from use of a suspended or debarred subcontractor. The Contractor shall immediately notify the State if any subcontractor becomes debarred or suspended, and shall, at the State's request, take all steps required by the State to terminate its contractual relationship with the subcontractor for work to be performed under this Contract.

15. Default by State.

If the State, sixty (60) days after receipt of written notice, fails to correct or cure any material breach of this Contract, the Contractor may cancel and terminate this Contract and institute measures to collect monies due up to and including the date of termination.

16. Disputes.

- A. In the event that any dispute arises with respect to this Contract, the Contractor and the State agree to act immediately to resolve such disputes. Time is of the essence in the resolution of disputes.
- B. If a valid dispute exists as to the Contractor's liability or guilt in any action initiated by the State or its agencies, and the State decides to delay, withhold, or deny work to the Contractor, the Contractor may request that it be allowed to continue, or receive work, without delay. In any event, the Contractor agrees that, notwithstanding the existence of a dispute, it will continue without delay to carry out all of its responsibilities under this Contract that are not affected by the dispute. Should the Contractor fail to continue to perform its responsibilities regarding all non-disputed work, without delay, any additional costs incurred by the State or the Contractor as a result of such failure to proceed shall be borne by the Contractor, and the Contractor shall make no claim against the State for such costs. Any payments that the State may delay, withhold, deny, or apply under this subparagraph shall not be subject to penalty or interest, except as permitted by IC § 5-17-5.
- C. If the parties are unable to resolve a contract dispute between them after good faith attempts to do so, a dissatisfied party shall submit the dispute to the Commissioner of the Indiana Department of Administration (the "IDOA") for resolution, except as otherwise provided in the Funding Cancellation and Termination for Convenience paragraphs. The dissatisfied party shall give written notice to the Commissioner of the IDOA (the "Commissioner") and the other party. The notice shall include: (1) a description of the disputed issues, (2) the efforts made to resolve the dispute, and (3) a proposed resolution. The Commissioner shall promptly issue a notice setting out documents and materials to be submitted to the Commissioner in order to resolve the dispute. The notice may also afford the parties the opportunity to make presentations and enter into further negotiations. Within thirty (30) business days of the conclusion of the final presentations, the Commissioner shall issue a written decision and furnish it to both parties. The Commissioner's decision shall be the final and conclusive administrative decision, unless either party serves on the Commissioner and the other party, within ten (10) business days after receipt of the Commissioner's decision, a written request

for reconsideration and modification of the written decision. If the Commissioner does not modify the written decision within thirty (30) business days, either party may take such other action helpful to resolving the dispute, including submitting the dispute to an Indiana court of competent jurisdiction. If the parties accept the Commissioner's decision, it may be memorialized as a written amendment to this Contract, if appropriate.

- D. The State may withhold payments on disputed items pending resolution of the dispute. The unintentional nonpayment by the State to the Contractor of one or more invoices not in dispute in accordance with the terms of this Contract will not be cause for the Contractor to terminate this Contract, and the Contractor may bring suit to collect these amounts without following the disputes procedure contained herein.
- E. With the written approval of the Commissioner, the parties may agree to forego the process described in subparagraph C, relating to submission of the dispute to the Commissioner.
- F. This paragraph shall not be construed to abrogate provisions of IC § 4-6-2-11 in situations where dispute resolution efforts lead to a compromise of claims in favor of the State, as described in that statute. In particular releases or settlement agreements involving releases of legal claims or potential legal claims of the State should be processed consistent with IC § 4-6-2-11, which requires approval of the Governor and Attorney General.

17. Drug-Free Workplace Certification.

As required by Executive Order No. 90-5 dated April 12, 1990, issued by the Governor of Indiana, the Contractor hereby covenants and agrees to make a good faith effort to provide and maintain a drug-free workplace. The Contractor will give written notice to the State within ten (10) days after receiving actual notice that the Contractor, or an employee of the Contractor in the State of Indiana, has been convicted of a criminal drug violation occurring in the workplace. False certification or violation of this certification may result in sanctions including, but not limited to, suspension of contract payments, termination of this Contract and/or debarment of contracting opportunities with the State for up to three (3) years.

In addition to the provisions of the above paragraph, if the total amount set forth in this Contract is in excess of \$25,000.00, the Contractor certifies and agrees that it will provide a drug-free workplace by:

- B. Establishing a drug-free awareness program to inform its employees of: (1) the dangers of drug abuse in the workplace; (2) the Contractor's policy of maintaining a drug-free workplace; (3) any available drug counseling, rehabilitation and employee assistance programs; and (4) the penalties that may be imposed upon an employee for drug abuse violations occurring in the workplace;
- C. Notifying all employees in the statement required by subparagraph (A) above that as a condition of continued employment, the employee will: (1) abide by the terms of the statement; and (2) notify the Contractor of any criminal drug statute conviction for a violation occurring in the workplace no later than five (5) days after such conviction;
- D. Notifying the State in writing within ten (10) days after receiving notice from an employee under subdivision (C)(2) above, or otherwise receiving actual notice of such conviction;

- E. Within thirty (30) days after receiving notice under subdivision (C)(2) above of a conviction, imposing the following sanctions or remedial measures on any employee who is convicted of drug abuse violations occurring in the workplace: (1) taking appropriate personnel action against the employee, up to and including termination; or (2) requiring such employee to satisfactorily participate in a drug abuse assistance or rehabilitation program approved for such purposes by a federal, state or local health, law enforcement, or other appropriate agency; and
- F. Making a good faith effort to maintain a drug-free workplace through the implementation of subparagraphs (A) through (E) above.

18. Employment Eligibility Verification.

As a condition precedent to entering this contract, and as required by IC § 22-5-1.7 and Executive Order 25-29, the Contractor swears or affirms under the penalties of perjury that the Contractor has not knowingly employed, and will not knowingly employ, an unauthorized alien. The Contractor further affirms that:

- A. The Contractor has enrolled in, and verified the work eligibility status of all his/her/its employees through, the E-Verify program as defined in IC § 22-5-1.7-3. The Contractor is not required to participate should the E-Verify program cease to exist. Additionally, the Contractor is not required to participate if the Contractor is self-employed and does not employ any employees.
- B. The Contractor has not knowingly employed or contracted with, and shall not knowingly employ or contract with, an unauthorized alien. The Contractor has not retained, and shall not retain, an employee, and has not contracted and shall not contract with a person, that the Contractor subsequently learned or learns is an unauthorized alien.
- C. The Contractor has required and shall require his/her/its subcontractors, who perform work under this Contract, to certify to the Contractor that the subcontractor does not knowingly employ or contract with an unauthorized alien and that the subcontractor has enrolled and is participating in the E-Verify program. The Contractor agrees to maintain this certification throughout the duration of the term of a contract with a subcontractor and to provide any and all such certifications to the State promptly upon request.

The State may terminate this agreement for default if the Contractor fails to cure a breach of this provision no later than thirty (30) days after being notified by the State.

19. Employment Option.

If the State determines that it would be in the State's best interest to hire an employee of the Contractor, the Contractor will release the selected employee from any non-competition agreements that may be in effect. This release will be at no cost to the State or the employee.

20. Force Majeure.

In the event that either party is unable to perform any of its obligations under this Contract or to enjoy any of its benefits because of natural disaster or decrees of governmental bodies not the fault of the affected party (hereinafter referred to as a "Force Majeure Event"), the party who has been so affected shall immediately or as soon as is reasonably possible under the circumstances give notice to the other party and shall do everything possible to resume performance. Upon receipt of such notice, all obligations under this Contract shall be immediately suspended. If the period of nonperformance exceeds thirty (30) days from the receipt of notice of the Force Majeure Event, the party whose ability to perform has not been so affected may, by giving written notice, terminate this Contract.

A determination by the Director of the State Budget Agency that funds are not appropriated or otherwise available to support continuation of performance shall be final and conclusive. The date of such written determination shall be the effective date of cancellation.
- B. A determination by the State Budget Agency or such officer of the State that such funds are not otherwise available to support continuation of performance shall be final and conclusive. The date of such written determination shall be the effective date of cancellation.
- C. The Contractor shall be compensated for completed supplies properly delivered, if any, and Services properly rendered prior to the effective date of cancellation. The State will not be liable for supplies delivered or Services performed after the effective date of cancellation. The Contractor and the State shall agree on the amount of payment for such supplies delivered and accepted. The State may withhold from these amounts any sum the State determines to be necessary to protect the State against loss because of outstanding liens or claims of former lien holders. Failure to agree on any item in this subparagraph constitutes a dispute under the Disputes paragraph. With the exception of any item in this subparagraph on which the Contractor and the State fail to agree, no other item in this paragraph shall constitute a dispute under the Disputes paragraph.

- A. All payments shall be made 35 days in arrears in conformance with State fiscal policies and procedures and, as required by IC §4-13-2-14.8, the direct deposit by electronic funds transfer to the financial institution designated by the Contractor in writing unless a specific waiver has been obtained from the State Comptroller's Office. No payments will be made in advance of receipt of the goods or services that are the subject of this Contract except as permitted by IC §4-13-2-20.
- B. Claims shall be submitted for reimbursement in accordance with the specified Component Descriptions and Unit Descriptions defined on the State-generated FSSA Contract Claim Reimbursement Form. Costs are incurred on the date goods, services, and/or deliverables are satisfactorily provided in full and/or after a reimbursable expense has been paid. Reimbursement shall be based on actual goods, services and/or deliverables provided and/or actual reimbursable expenses previously paid. Claims shall be submitted to the State within sixty (60) calendar days following the end of the month in which goods, services or deliverables were provided and/or expenses were paid. The State has the discretion, and reserves the right, to not pay any claims submitted later than sixty (60) calendar days after a specific Contract Claim Reimbursement Form Item Description expiration date or termination of this agreement. Payment for claims submitted after that time may, at the discretion of the State, be denied.
- C. At the time that the final claim is submitted, all reconciliation issues must be resolved including the return of any incorrectly reimbursed monies or credits received for expenses previously reimbursed. Incorrectly reimbursed funds or credits received for expenses reimbursed will be returned immediately upon discovery as a direct payment, not credit, to the "State of Indiana." Each return of funds will be accompanied with a completed FSSA Contract Claim Reimbursement Form identifying specific Components to be credited (negative) and each associated month reported on the original reimbursement request. Payments and FSSA Contract Claim Reimbursement Forms will be submitted to FSSA Administrative Services using the address provided on the reimbursement form.
- D. Claims must be submitted with accompanying supportive documentation, as designated by the State. Incomplete claims submitted or claims submitted without supportive documentation will be returned to the Contractor and/or Grantee and not processed for payment. Failure to successfully perform or execute the policies and/or provisions made in this contract may result in the denial and/or partial payment of claims submitted for reimbursement.
- E. If the Contractor is being paid in advance for the maintenance of equipment, software or a service as a subscription, then pursuant to IC § 4-13-2-20(b)(14), the Contractor agrees that if it fails to fully provide or perform under this Contract, upon receipt of written notice from the

State, it shall promptly refund the consideration paid, pro-rated through the date of non-performance.

38. Penalties/Interest/Attorney's Fees.

The State does not agree to pay any penalties, liquidated damages, interest or attorney's fees, except as permitted by Indiana law, in part, IC § 5-17-5, IC § 34-54-8, IC § 34-13-1 and IC § 34-52-2. Notwithstanding the provisions contained in IC § 5-17-5, any liability resulting from the State's failure to make prompt payment shall be based solely on the amount of funding originating from the State and shall not be based on funding from federal or other sources.

39. Progress Reports.

The Contractor shall submit progress reports to the State upon request. The report shall be oral, unless the State, upon receipt of the oral report, should deem it necessary to have it in written form. The progress reports shall serve the purpose of assuring the State that work is progressing in line with the schedule, and that completion can be reasonably assured on the scheduled date.

40. Public Record.

The Contractor acknowledges that the State will not treat this Contract as containing confidential information, and the State will post this Contract on the transparency portal as required by Executive Order 05-07 and IC § 5-14-3.5-2. Use by the public of the information contained in this Contract shall not be considered an act of the State.

41. Renewal Option.

This Contract may be renewed under the same terms and conditions, subject to the approval of the Commissioner of the Department of Administration and the State Budget Director in compliance with IC § 5-22-17-4. The term of the renewed contract may not be longer than the term of the original Contract.

42. Severability.

The invalidity of any section, subsection, clause or provision of this Contract shall not affect the validity of the remaining sections, subsections, clauses or provisions of this Contract.

43. Substantial Performance.

This Contract shall be deemed to be substantially performed only when fully performed according to its terms and conditions and any written amendments or supplements.

44. Taxes.

The State is exempt from most state and local taxes and many federal taxes. The State will not be responsible for any taxes levied on the Contractor as a result of this Contract.

45. Termination for Convenience.

- A. This Contract may be terminated, in whole or in part, by the State, which shall include and is not limited to the IDOA and the State Budget Agency whenever, for any reason, the State determines that such termination is in its best interest. Termination of the delivery of supplies, if any, or the rendering of Services shall be effected by delivery to the Contractor of a termination notice at least thirty (30) days prior to the effective date of termination, specifying the extent to which the delivery of such supplies and the performance of such Services under

such termination becomes effective. In connection with the delivery of such termination notice, the State shall send a copy thereof to the Commissioner.

- B. The Contractor shall be compensated for supplies properly delivered, if any, and Services properly rendered prior to the effective date of termination. The State will not be liable for supplies delivered or Services performed after the effective date of termination. The Contractor and the State shall agree on the amount of payment for such supplies delivered and accepted and for the protection and preservation of the property. The State may withhold from these amounts any sum the State determines to be necessary to protect the State against loss because of outstanding liens or claims of former lien holders. The Contractor shall be compensated for supplies properly delivered and Services provided in accordance with this Contract, but in no case shall the total payment made to the Contractor exceed the original contract price or shall any price increase be allowed on individual line items, if any such supplies or Services were canceled only in part prior to the original termination date. Failure to agree on any item in this subparagraph constitutes a dispute under the Disputes paragraph.
- C. For the purposes of this paragraph, the parties stipulate and agree that the IDOA shall also be deemed to be a party to this Contract with authority to terminate the same for convenience, when such termination is determined by the Commissioner to be in the best interests of the State. With the exception of any item in subparagraph B, no other item in this paragraph shall constitute a dispute under the Disputes paragraph.
- D. The rights and remedies of the State in this paragraph are in addition to any other rights and remedies provided by law or equity or under this Contract.

46. Termination for Default.

- A. With the provision of thirty (30) days' notice to the Contractor, the State may terminate this Contract in whole or in part, if the Contractor fails to:
 - 1. correct or cure any breach of this Contract; the time to correct or cure the breach may be extended beyond thirty (30) days, if the State determines progress is being made and the extension is agreed to by the parties;
 - 2. deliver the supplies, if any, or perform the Services within the time specified in this Contract or any extension thereof;
 - 3. make progress so as to endanger performance of this Contract; or
 - 4. perform any of the other provisions of this Contract.

In connection with the delivery of such notice, the State shall send a copy thereof to the Commissioner.

- B. If the State terminates this Contract, in whole or in part, it may acquire, under the terms and in the manner the State considers appropriate, supplies, if any, or services similar to those terminated, and the Contractor will be liable to the State for any excess costs for those supplies or services. However, the Contractor shall continue the work not terminated.
- C. The State shall pay the contract price for supplies properly delivered, if any, and Services accepted. The Contractor and the State shall agree on the amount of payment for supplies delivered and accepted and for the protection and preservation of the property. The State may withhold from these amounts any sum the State determines to be necessary to protect the State against loss because of outstanding liens or claims of former lien holders. The Contractor shall be compensated for supplies properly delivered and Services herein

provided, but in no case shall the total payment made to the Contractor exceed the original contract price or shall any price increase be allowed on individual line items, if any such supplies or Services were canceled only in part prior to the original termination date.

- D. The rights and remedies of the State in this paragraph are in addition to any other rights and remedies provided by law or equity or under this Contract.

47. Travel.

No expenses for travel will be reimbursed unless specifically authorized by this Contract. Permitted expenses will be reimbursed at the rate paid by the State and in accordance with the *Indiana Department of Administration Travel Policy and Procedures* in effect at the time the expenditure is made. Out-of-state travel requests must be reviewed by the State for availability of funds and for conformance with *Travel Policy* guidelines.

48. Waiver of Rights.

No right conferred on either party under this Contract shall be deemed waived, and no breach of this Contract excused, unless such waiver is in writing and signed by the party claimed to have waived such right. Neither the State's review, approval or acceptance of, nor payment for, the services required under this Contract shall be construed to operate as a waiver of any rights under this Contract or of any cause of action arising out of the performance of this Contract, and the Contractor shall be and remain liable to the State in accordance with applicable law for all damages to the State caused by the Contractor's negligent performance of any of the services furnished under this Contract.

49. Warranty.

The Contractor warrants and guarantees that the Services provided pursuant to this Contract shall conform in all material respects with the specifications set forth in paragraph 1.A of this Contract, and will be: (A) free of any claim of infringement, misappropriation, unfair competition, or violation of any third party intellectual property right; (B) created and delivered in accordance with applicable laws and industry standards and practices; and (C) fully tested in accordance with the State's quality assurance testing process, if applicable. This warranty will extend for a period of one year from the date of the completion of Services. All work not conforming to this Contract and related specifications may be considered defective. The warranties and guarantees provided in this paragraph and elsewhere in this Contract, if any, shall be in addition to and not in limitation of any other warranty or guarantee or remedy provided in this Contract or otherwise prescribed by law. In addition to the State's quality assurance testing process, if applicable, the Contractor, with representatives of the State, shall, at the discretion of the State, review the work completed nine (9) months after the date of the completion of Services to determine any work not in compliance with the Contract. The Contractor shall correct such non-complying work prior to the expiration of the one-year warranty.

50. Work Standards.

The Contractor shall execute its responsibilities by following and applying at all times the highest professional and technical guidelines and standards. If the State becomes dissatisfied with the work product of or the working relationship with those individuals assigned to work on this Contract, the State may request in writing the replacement of any or all such individuals, and the Contractor shall grant such request.

51. State Boilerplate Affirmation Clause.

I swear or affirm under the penalties of perjury that I have not altered, modified, changed or deleted the State's standard contract clauses (as contained in the most current *State of Indiana SCM Template*) in any way except as follows:

12. Confidentiality, Security and Privacy of Personal Information. *Modified.*

23. HIPAA Compliance. Incorporated into Clause 12.

28. Insurance. Subclause A modified.

37. Payments. *Modified.*

52. Federal Requirements. *Added.*

52. Federal Requirements.

The Contractor must comply with the following Federal provisions:

A. Prevention and Fraud Abuse.

In accordance with 42 U.S.C. 1396a(a)(68), Contractor shall establish and disseminate, to its employees (including management), subcontractors, and agents, written policies that provide detailed information about federal and state False Claims Acts, whistleblower protections, and Contractor policies and procedures for preventing and detecting fraud and abuse. The written policies described in this paragraph may be on paper or in electric form and must be adopted by the subcontractors and agents of the Contractor. If Contractor maintains an employee handbook, the Contractor shall provide the described information specifically in the employee handbook.

In any inspection, review, or audit of the Contractor by (or at the behest of) the State or federal government, the Contractor shall provide upon request copies of its written policies regarding fraud, waste, and abuse. Contractor shall submit to OMPP a corrective action plan within sixty days (60) if the Contractor is found not to be in compliance with any part of the requirements stated in this paragraph. If Contractor is required to submit a corrective action plan and does not do so within sixty (60) days, the state may withhold payment to the Contractor until a corrective action plan is received.

B. Assurance of Compliance with Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973 and the Age Discrimination Act of 1975, the Americans with Disabilities Act of 1990 and Title IX of the Education Amendments of 1972.

The Contractor agrees that it, and all of its subcontractors and providers, will comply with the following:

1. Title VI of the Civil Rights Act of 1964 (Pub. L. 88-352), as amended, and all requirements imposed by or pursuant to the Regulation of the Department of Health and Human Services (45 C.F.R. Part 80), to the end that, in accordance with Title VI of that Act and the Regulation, no person in the United States shall on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity for which the Contractor receives Federal financial assistance under this Contract.

2. Section 504 of the Rehabilitation Act of 1973 (Pub. L. 93-112), as amended, and all requirements imposed by or pursuant to the Regulation of the Department of Health and Human Services (45 C.F.R. Part 84), to the end that, in accordance with Section 504 of that Act and the Regulation, no otherwise qualified handicapped individual in the United States shall, solely by reason of his/her handicap, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity for which the Contractor receives Federal financial assistance under this Contract.

3. The Age Discrimination Act of 1975 (Pub. L. 94-135), as amended, and all requirements imposed by or pursuant to the Regulation of the Department of Health and Human Services (45 C.F.R. Part 91), to the end that, in accordance with the Act and the Regulation, no person in the United States shall, on the basis of age, be denied the benefits of, be excluded from participation in, or be subjected to discrimination under any program or activity for which the Contractor receives Federal financial assistance under this Contract.

4. The Americans with Disabilities Act of 1990 (Pub. L. 101-336), as amended, and all requirements imposed by or pursuant to the Regulation of the Department of Justice (28 C.F.R. 35.101 et seq.), to the end that in accordance with the Act and Regulation, no person in the United States with a disability shall, on the basis of the disability, be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination under any program or activity for which the Contractor receives Federal financial assistance under this Contract.

5. Title IX of the Education Amendments of 1972, as amended (20 U.S.C. §§ 1681, 1683, and 1685-1686), and all requirements imposed by or pursuant to regulation, to the end that, in accordance with the Amendments, no person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination under any program or activity for which the Contractor receives Federal financial assistance under this Contract.

The Contractor agrees that compliance with this assurance constitutes a condition of continued receipt of Federal financial assistance, and that it is binding upon the Contractor, its successors, transferees and assignees for the period during which such assistance is provided. The Contractor further recognizes that the United States shall have the right to seek judicial enforcement of this assurance.

C. Conveyance of Documents and Continuation of Existing Activity.

Should the Contract for whatever reason, (i.e. completion of a contract with no renewal, or termination of service by either party), be discontinued and the activities as provided for in the Contract for services cease, the Contractor and any subcontractors employed by the terminating Contractor in the performance of the duties of the Contract shall promptly convey to the State of Indiana, copies of all vendor working papers, data collection forms, reports, charts, programs, cost records and all other material related to work performed on this Contract. The Contractor and the Office shall convene immediately upon notification of termination or non-renewal of the Contract to determine what work shall be suspended, what work shall be completed, and the time frame for completion and conveyance. The Office will then provide the Contractor with a written schedule of the completion and conveyance activities associated with termination. The Contractor shall report any violations of this paragraph to the State of Indiana and to the United States Environmental Protection Agency Assistant Administrator for Enforcement.

E. Lobbying Activities.

Pursuant to 31 U.S.C. § 1352, and any regulations promulgated thereunder, the Contractor hereby assures and certifies that no federally appropriated funds have been paid, or will be paid, by or on behalf of the Contractor, to any person for influencing or attempting to influence an officer or employee of any agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress, in connection with the awarding of any federal contract, the making of any federal grant, the making of any federal loan, the entering into of any cooperative contract, and the extension, continuation, renewal, amendment, or modification of any federal contract, grant, loan or cooperative contract. If any funds other than federally appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with this Contract, the Contractor shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying", in accordance with its instructions.

F. Financial Disclosure.

The Contractor agrees that it has disclosed, and shall as necessary in the future disclose to the State the name and address of each person with an ownership or controlling interest in the disclosing entity or in any subcontractor in which the disclosing entity has a direct or indirect ownership interest of 5 percent or more. If the Contractor is not subject to periodic survey under § 455.104(b)(2) it must disclose to the State, prior to enrolling, the name and address of each person with an ownership or controlling interest in the disclosing entity or in any subcontractor in which the disclosing entity has a direct or indirect ownership interest of 5 percent or more. Non-Collusion and Acceptance

The undersigned attests, subject to the penalties for perjury, that the undersigned is the Contractor, or that the undersigned is the properly authorized representative, agent, member or officer of the Contractor. Further, to the undersigned's knowledge, neither the undersigned nor any other member, employee, representative, agent or officer of the Contractor, directly or indirectly, has entered into or been offered any sum of money or other consideration for the execution of this Contract other than that which appears upon the face hereof. **Furthermore, if the undersigned has knowledge that a state officer, employee, or special state appointee, as those terms are defined in IC § 4-2-6-1, has a financial interest in the Contract, the Contractor attests to compliance with the disclosure requirements in IC § 4-2-6-10.5.**

ACKNOWLEDGEMENT OF AWARENESS, SERVICES TO BE PROVIDED

1. ACKNOWLEDGMENT OF AWARENESS

By executing this agreement, the Medicare Advantage Organization (MAO) Contractor acknowledges it is aware of, understands, and agrees to the following:

CY2027 Intentions

- A. The State implemented the Indiana PathWays for Aging program (PathWays) to replace its Fee-For-Service (FFS) Long-Term Services and Supports (LTSS) service delivery system for individuals aged 60 and older. The Indiana PathWays for Aging program population is comprised of a significant proportion of dual eligible members. The State views Medicare Advantage Dual-eligible Special Needs Plan(s) (D-SNP(s)) as a critical component of the Indiana PathWays for Aging program, as the State desires to better align and integrate care for dually eligible members.
- B. The State values the opportunities for increased integration of care and improved health outcomes that the alignment of Medicaid and Medicare systems provides. A significant investment of State and health plan resources has been made to evolve Indiana dual eligible programs to the current, FIDE SNP status. Not only does the FIDE SNP Indiana PathWays for Aging Dual Care (PathWays Dual Care) set the stage for the strongest population health strategy a state can have for duals, it also increases alignment and increases opportunities for success achieving our Medicaid Managed Long-Term Services and Supports (mLTSS) program goals. The State is committed to supporting the success of our integrated models of care and continuing to advance our model.
- C. The State expects the Contractor to refine internal and external communication practices in an appropriate manner as a PathWays Dual Care Plan. This includes, but is not limited to:
 - The Contractor having internal information sharing procedures updates so that staff in need of information shared at any D-SNP or Managed Care Entity (MCE) meeting, that is relevant for successful D-SNP operations, receive needed updates in a comprehensive and timely manner.
 - The Contractor will proactively communicate to the State information about changes that stand to impact dual eligibles and/or Medicare processes that impact the Indiana dual eligible population. For example, anything that may impact or delay dual eligible enrollment into your D-SNPs or the addition or sunseting of other Medicare products the Contractor may offer that also enroll individuals with dual eligibility.
- D. The Indiana PathWays for Aging MCEs are required to maintain a fully developed companion D-SNP that operates both CO D-SNP and FIDE SNP Plan Benefit Packages (PBPs) statewide. The State shall only contract with D-SNPs that have an aligned parent company holding a contract under Indiana PathWays for Aging Medicaid and mLTSS program.
- E. The State has the right to establish an enrollment freeze for any D-SNP offered under this contract based on regulatory actions taken by the State that are in the best interest of the State.
- F. The State will require the continued use of integrated materials as outlined in Section 3.CC and will require the use of an integrated Annual Notice of Change (ANOC) and Member Handbook (Evidence Of Coverage) effective for CY2027.
- G. The State is continuing to explore greater consistency with Indiana PathWays for Aging Dual Care plans PBP structure and will require Contractors to offer four (4) D-SNP PBPs going forward, including two (2) distinct Indiana PathWays for Aging Dual Care PBPs, as specified in Section 3.N.

EXHIBIT 1

ACKNOWLEDGEMENT OF AWARENESS, SERVICES TO BE PROVIDED

Future Intentions

- H. The State will take appropriate action to implement any policy changes necessary to effectuate the most recent CMS regulatory requirements around D-SNPs.
- I. The State intends to be a more active partner with the Contractor in determining its supplemental benefit offerings and better capturing the value of supplemental benefits offerings for CY2027 to Indiana members. The State intends to collaborate with the Contractor as they develop D-SNP supplemental benefit offerings to ensure alignment with the State's supplemental benefit design principles. This includes moving into a review and approval relationship between the State and Contractor prior to CMS supplemental benefit offering submission. The State acknowledges that the details it receives about a D-SNP's proposed supplemental benefits offerings are subject to this Contract's confidentiality and non-disclosure provisions, specifically including, without limitation, the supplemental benefits confidentiality and non-disclosure provisions in Exhibit 1, Section 3 (Administrative Duties of Contractor).
- J. The State may pursue passive enrollment in accordance with CFR 422.60 (g), if transitioning in any new MCEs and D-SNPs. In this case, the Contractor must work with the State to support passive enrollment.
- K. The State is actively working to more comprehensively integrate the State's quality measurement and improvement strategy across Medicaid MCE and dual eligible programming to align efforts and resources to deliver greater impact.

2. BACKGROUND

FSSA administers the Medicaid program in the State of Indiana under Title XIX of the Social Security Act.

The State partners with the Centers for Medicare and Medicaid Services (CMS) to sponsor MAOs under Title XVIII of the Social Security Act, including D-SNP(s) that arrange for the provision of Medicare services for individuals who are dually eligible for both Medicare and Medicaid benefits pursuant to Titles XVIII and XIX of the Social Security Act.

The Medicare Improvements for Patients and Providers Act of 2008 and its implementing regulations issued by CMS require that the Contractor enters into a contract with the State Medicaid Agency to coordinate benefits and/or services for members of the Contractor's D-SNP(s) within the State. The Balanced Budget Act of 2018 and its implementing regulations issued by CMS require the Contractor's D-SNP(s) to maintain a level of integration between Medicaid and Medicare.

The Contractor and the State desire to enter into an arrangement regarding the provision of Medicare benefits by the Contractor's D-SNPs within the State in an effort to improve the integration and coordination of such benefits as well as to improve the quality of care and reduce the costs and administrative burdens associated with delivering such care.

3. ADMINISTRATIVE DUTIES OF CONTRACTOR

Administrative Requirements

- A. To support ongoing engagement and commitment to improving integration of Medicare and Medicaid services for dual eligible individuals in Indiana and to foster increased efficiencies and alignment between Medicare and Medicaid operations, processes, and administration, the State shall require the Contractor to dedicate resources and time to attend and engage in regular, ongoing meetings to build meaningful communication and collaboration between the State and all Indiana D-SNPs.

EXHIBIT 1

ACKNOWLEDGEMENT OF AWARENESS, SERVICES TO BE PROVIDED

The Contractor shall designate sufficient resources, time, and personnel to attend, at a minimum the following recurring meetings:

1. Monthly D-SNP/Area Agency on Aging (AAA) Care Coordination Workgroups;
2. Routine D-SNP/State Compliance Updates;
3. Monthly D-SNP/MCE Integration Meeting;
4. D-SNP Member Materials Workgroup; and
5. D-SNP Integrated Performance Improvement Workgroup

The Contractor will also be expected to participate and commit sufficient time and staff for initiatives and projects that support the implementation of State Agency Medicaid Contract (SMAC) requirements. The Contractor shall also attend ad-hoc meetings as requested by the State. The State reserves the right to request and require specific Contractor D-SNP staff members to attend any D-SNP related meetings. The Contractor shall accommodate staff schedules to permit staff attendance and participation in scheduled ad hoc meetings.

It is the expectation of the State that the Contractor has internal processes in place to consistently and comprehensively share information conveyed in meetings with the appropriate staff that have responsibility for D-SNP operations and policy. This includes Contractor's MCE staff, subcontractors and/or vendors as applicable.

The Contractor is required to have a D-SNP/Dual Care Director. This position is responsible for compliance with Indiana's state-specific SMAC which requires the coordination of Medicare and Medicaid benefits. Key requirements include maintaining the State contracts, implementing the Model of Care (MOC) for care coordination, and ensuring compliance with State-specific regulations. The position serves as a liaison with the State and must participate in State dual care meetings and all-MCE collaboration discussions.

The Contractor shall coordinate with the Medicare and Medicaid Coordination Manager in the Indiana Office of Medicaid Policy and Planning (OMPP) to determine all required meeting participants as well as agenda content, meeting duration, scheduling logistics, and meeting frequency.

- B. The Contractor must maintain compliance with all Indiana PathWays for Aging contract requirements in addition to SMAC requirements for the Contractor's FIDE SNPs to be considered compliant Indiana PathWays for Aging Dual Care plans.

In the event the requirements outlined in this contract differ from those in the Indiana PathWays for Aging contract, the Contractor must follow the contract with the more stringent requirements.

- C. The State requires the Contractor to operate and maintain a D-SNP Only H Contract with CMS exclusive to the Indiana D-SNP market that is compliant with 42 CFR 422.107.
- D. The State requires that PathWays Dual Care maintain an integrated provider network that has at minimum 80% of the PathWays Medicaid plan network providers in the D-SNP network except for those that are Medicaid only. Should the Contractor fall below the 80% threshold, the Contractor is required to submit monthly network overlap reporting on the template provided by the State until the Contractor has had three (3) consecutive months of 80% or higher. The Contractor must be compliant with PathWays network notification requirements; the State may pursue noncompliance remedies if the Contractor does not maintain compliance.
- The Network Overlap Reporting is due in September, utilizing the template provided by the State.

EXHIBIT 1

ACKNOWLEDGEMENT OF AWARENESS, SERVICES TO BE PROVIDED

- The Contractor must comply with all requirements in Indiana Health Coverage Programs (IHCP) Bulletin BT202595 regarding required Medicare enrollment for home health agencies.
- E. The Contractor is required to outreach at least two (2) times to any full benefit dual eligible member enrolled in its non-D-SNP Medicare Advantage product(s). The purpose of this communication is to provide education about the D-SNP product, benefits of enrolling in the D-SNP, and support on changing plan selection. These communications need to occur prior to the Medicare annual enrollment period with at least one (1) of the communications required to be in writing.
- The Contractor is required to report to the State details of outreach efforts made (date, communication mode, messaging and impact analysis that stratify dual populations) by the end of October annually in a format as required by the State, as specified in Section 5. D-SNPs are additionally required to submit their overarching dual-eligible member outreach marketing plans to the State quarterly, as specified in Section 5.A.
- F. The Contractor must submit to the State a copy of its required D-SNP training for insurance agents. The training material must be submitted on an annual basis prior to annual agent recertification.
- To align with the State's alignment and integration goals, the State may provide the Contractor with Indiana PathWays for Aging educational material that must be shared with the Contractor's insurance agent community.
- G. The Contractor shall provide "Deemed Continued Eligibility" for six (6) months to maintain the maximum continuity of care for individuals that no longer meet D-SNP eligibility criteria due to a temporary loss of Medicaid eligibility (in accordance with the guidance provided by CMS in its annual Medicare Advantage enrollment and disenrollment guidance documents available at <https://www.cms.gov/medicare/enrollment-renewal/managed-care-eligibility-enrollment>).
- H. To mitigate Medicaid eligibility churn and ensure continuity of care, the Contractor shall actively assist D-SNP members in establishing appropriate and timely Medicaid eligibility or reestablishing Medicaid eligibility for members who temporarily lose it. This shall include but is not limited to:
1. Supporting Contractor staff with direct member interaction—including care management and call center staff—in maintaining the knowledge and capacity to help members connect with Medicaid navigators and; understanding where they can access the Medicaid eligibility application; what members need to know about the State redetermination processes; and the State's expectations for maintaining Medicaid eligibility;
 2. Maintaining knowledge of the State agencies, organizations, requirements, and processes for assessing and determining Medicaid eligibility; how these State entities function and serve Medicaid members in Indiana; and how to connect members to them;
 3. Assisting D-SNP members in locating and compiling the necessary information and documentation to establish or reestablish Medicaid eligibility;
 4. Assisting D-SNP members identified by the Contractor as potentially eligible for but not yet enrolled in a Medicare Savings Program (MSP) and contacting the Indiana Division of Family Resources (DFR) in order to have MSP eligibility determined.

The State shall provide the Contractor with education opportunities and training on

Medicaid eligibility processes and requirements. The State reserves the right to establish additional review of Contractor systems, processes, and staff education to assess effectiveness and sufficiency.

- I. The Contractor shall include the health plan member ID number on CO D-SNP member ID cards. The Contractor shall not include the Medicaid or Medicare Beneficiary ID number on CO D-SNP member ID cards.
- J. The Contractor will verify, prior to enrollment of a potential qualified recipient, the individual's Medicaid eligibility and other eligibility criteria necessary to accurately assign new enrollees to the correct D-SNP PBP. In particular, the Contractor must verify the individual's specific category of Medicaid eligibility, age; PathWays eligibility; and Nursing Facility Level of Care (NFLOC) need. The Contractor will provide the State with an electronic submission, in a mutually agreed upon format, of those qualified recipients that have voluntarily enrolled and disenrolled in the Plan. The State shall verify the eligibility of those persons on the submission and return the enrollment information to the Contractor as soon as reasonably possible. For those enrollees who are not determined eligible by the State and for which CMS records indicate that the recipient should be eligible, it will be the responsibility of the Contractor to resubmit the enrollment to the State on the next submission, specifying the retroactive effective date of the enrollment in the Plan. Enrollments are otherwise effective only on a monthly basis, with the eligibility period beginning as of the first day of the month after the enrollment is received.

For the purpose of determining a PBP for which an individual is eligible, individuals meeting NFLOC can be identified via 270/271 file exchange with the State. The Contractor must use the State's Health Care Eligibility Benefit Inquiry and Response (270/271) Companion Guide as a supplemental resource. The Contractor is required to monitor member NFLOC status changes to effectively move enrolled members into the appropriate FIDE SNP NFLOC/non NFLOC PBP. The State expects plans to move members as quickly as possible into the correct PBP, ideally within two (2) calendar months from the date an NFLOC status change was reflected on the 270/271 file.

In accordance with 42 CFR 422.2, 422.66, 422.107, and applicable CMS Medicare Advantage Enrollment and Disenrollment Guidance, the Contractor acknowledges that individuals enrolled in a CO D-SNP may subsequently become newly eligible for enrollment in a FIDE SNP due to a change in eligibility status.

When an individual becomes newly eligible for the FIDE SNP, the Contractor shall implement procedures to actively facilitate aligned enrollment, including timely identification of eligibility changes, provision of clear and compliant member notices, and education regarding the FIDE SNP as an integrated coverage option. Such outreach shall be conducted in compliance with all applicable Medicare marketing, communication, and beneficiary protection requirements and shall not be coercive or misleading.

Nothing in this section shall be construed to require mandatory enrollment or to limit an individual's right to decline enrollment in the FIDE SNP; however, the Contractor shall demonstrate good faith operational efforts to promote integrated enrollment consistent with federal policy objectives and State goals for Medicare Medicaid integration.

- K. The State has the right to establish an enrollment freeze for any D-SNP offered under this contract based on regulatory actions taken by the State that are in the best interest of the State.
- L. The Contractor and the State shall mutually agree on the type and format of any information or materials requested by the State that the Contractor agrees to provide. Before submitting to the State any information or materials that the Contractor regards as proprietary or

EXHIBIT 1

ACKNOWLEDGEMENT OF AWARENESS, SERVICES TO BE PROVIDED

confidential, the Contractor shall label all such information and materials as proprietary and confidential.

1. MCEs and D-SNPs must add "CONFIDENTIAL" to the end of the file name.
2. Example of HPMS file name: H9999_HUM_UnableReach_v1_CONFIDENTIAL
3. Example of Salesforce file name:
999999IN012726_ANT_UnableReach_v1_CONFIDENTIAL

The State shall make good faith, reasonable efforts to establish, implement and enforce policies and procedures governing the receipt, maintenance and storage of, and access to any information and materials labeled by the Contractor as proprietary and confidential pursuant to this contract and to limit access to such information and materials to only those staff members with a direct need for that access. The parties acknowledge and agree that, to the extent that information and materials the Contractor provides to the State contain or constitute trade secrets and/or confidential financial information, such information and materials are excepted from disclosure, inspection and copying pursuant to Indiana Code § 5-14-3-4(a).

- M. The following is a list of deliverables the Contractor is required to produce in addition to the formal reports listed in Section 5 (Reporting Requirements). This list is meant to support State and Contractor organization and is not exhaustive. The Contractor must follow all requirements of the contract, and the State may adjust the below list at any time.
- Required D-SNP agent training materials (Section 3.F)
 - Submission of pre-enrollment Medicaid eligibility information for potentially qualified recipients (Section 3.J)
 - Unified grievance and appeal information, as requested by the State (Section 3.BB.2)

 - Dementia Care Program Plan, including Dementia Caregiver Support Program (Section 4.O)
 - Falls Prevention Plan (Section 4.P)
 - All required training content and strategies for D-SNP care managers (Section 4.Q)
 - Submission of required notifications and information related to High-Risk members (Section 4.S and Section 4.X)
 - SDOH assessment tool (Section 4.DD)
 - SDOH Interventions Plan (Section 4.FF)
 - D-SNP Model of Care (Section 4.GG)
 - If applicable, I-SNP and/or C-SNP MOCs (Section 4.MM)

D-SNP Plan Benefit Packages (PBPs)

N. The State requires D-SNPs to offer four (4) D-SNP PBP's that meet the following requirements:

1. CO D-SNP PBP available to full-benefit dual eligible individuals that are not eligible for the Indiana PathWays for Aging program (QMB-Plus, SLMB-Plus, Other Full-Benefit Dually Eligible (FBDE));
2. CO D-SNP PBP available to partial-benefit dual eligible individuals (QMB-only, SLMB-only, QI, QDWI).
3. FIDE SNP PBP available to Indiana PathWays for Aging Dual Care members that are not eligible for Nursing Facility Level of Care (non NFLOC), which include QMB-Plus, SLMB-Plus, and other FBDE members. The State will continue to require FIDE SNP

PBP(s) that must be branded as Indiana PathWays for Aging Dual Care (PathWays Dual Care). Each FIDE SNP PBP shall use Indiana PathWays for Aging Dual Care or PathWays Dual Care as part of the PBP name.

4. FIDE SNP PBP available to Indiana PathWays for Aging Dual Care members that are NFLOC (PathWays Waiver enrollees, Money Follows the Person (MFP) participants, and long-term Nursing Facility residents), which include QMB-Plus, SLMB-Plus, and other FBDE members. The State will continue to require FIDE SNP PBP(s) that must be branded as Indiana PathWays for Aging Dual Care (PathWays Dual Care). Each FIDE SNP PBP shall use Indiana PathWays for Aging Dual Care or PathWays Dual Care as part of the PBP name.

O. In the event that a member who is ineligible for an Indiana PathWays for Aging Dual Care PBP becomes eligible for one of the FIDE SNP PBPs during the contract year, the State expects the Contractor to actively work with the member to support enrollment into the most appropriate PBP that aligns with eligibility status, ideally within two (2) months from the date the individual qualified for enrollment into a FIDE SNP PBP. For any member that cannot be moved within two (2) months of eligibility effective dates, the D-SNP must work with CMS to crosswalk the member into the appropriate PBP for the following calendar year.

P. In the event that a member in a PathWays Dual Care PBP becomes ineligible due to eligibility change, the State expects the Contractor to actively work with the member to support enrollment into the CO D-SNP PBP that aligns with eligibility status, ideally within two (2) months from the date the individual lost FIDE SNP PBP eligibility. For any member that cannot be moved within two (2) months of eligibility effective dates, the Contractor must work with CMS to crosswalk the member into the appropriate PBP for the following calendar year.

Cost-Sharing and Payment Requirements

The below section outlines cost-sharing coverage in Indiana. The State of Indiana pays for all dual eligible's premiums according to the table below, regardless of Medicaid delivery system. The State of Indiana also covers Medicare Parts A & B cost-sharing (according to the table below) for members in FFS Medicaid. Medicare Parts A & B cost-sharing for members enrolled in Indiana PathWays for Aging are the responsibility of those Medicaid MCEs.

Category	Medicare Part A Premiums	Medicare Part B Premiums	Medicare Cost-Sharing	Other Medicaid Benefits
QMB-Only	X	X	X	
QMB-Plus	X	X	X	X
Other FBDE		X	X*	X
SLMB-Only		X		
SLMB-Plus		X	X*	X
QI		X		
QDWI	X			

*Cost-sharing coverage for SLMB-Plus and Other FBDE members is limited to services covered by IHCP, Medicare covered services not covered by IHCP are not included. QMBs receive cost-sharing coverage on all Medicare covered services, regardless of IHCP coverage of the service.

NOTE: Indiana's Medicaid State Plan Section 3.2 outlines the cost-sharing coverage for members with Medicare. As required by Federal Law, QMB members (with or without full Medicaid) cannot be billed for any cost-sharing for Medicare Part A or Part B services. The above table is only for Medicare Parts A and B; Part D is not included.

Q. Indiana does not allow any nominal Medicaid copayments to be charged to the population(s)

eligible for enrollment in the Contractor's D-SNP under its state plan for medical assistance. Therefore, per sections 1902(n)(3)(B) and 1852(a)(7) of the Social Security Act and 42 CFR 422.504(g)(1)(iii), the Contractor may not charge any QMB, QMB+, SLMB+ or Other FBDE enrollee of the Contractor's D-SNP any cost sharing for any Medicare A or B service rendered by one of the Contractor's network providers, except in the rare case of Medicare A or B services that are not covered under Indiana's Medicaid state plan or an Indiana Medicaid waiver, wherein SLMB+ and Other FBDE enrollees in the Contractor's D-SNP may be charged the full Medicare cost-sharing amount specified within the D-SNP's PBP. SLMB, QI, and QDWI enrollees are responsible for covering their own cost-sharing amounts for Medicare A and B services.

The Contractor's materials shall:

- Clearly describe the cost-sharing amounts corresponding to each Part A and B service covered under the Contractor's D-SNP and the enrollee populations to whom those cost-sharing amounts apply (specifically, the D-SNP's SLMB, QI, and QDWI enrollees).
- Make clear that QMB and QMB+ enrollees will not owe any Medicare cost-sharing amounts for any Medicare A or B services rendered by a provider in the Contractor's network or an out-of-network provider enrolled in Medicare.
- Make clear that SLMB+ and Other FBDE enrollees will not be held liable for cost-sharing amounts associated with Medicare A and B services rendered by the Contractor's network providers if the services are also covered under Indiana's Medicaid state plan.
- [For PPOs and HMO-POS plans only] Indicate that SLMB+ and Other FBDE individuals may be charged cost-sharing amounts if they see a provider who is not part of the Contractor's D-SNP network or a registered Medicaid provider in Indiana, and/or obtain services that are not covered under Indiana's Medicaid state plan or an Indiana Medicaid waiver.

The Contractor's provider agreements shall specify that:

- For services rendered to QMB and QMB+ enrollees, contracted providers will: (1) accept the Contractor's Medicare reimbursement as payment in full or bill the MCE or State, as applicable, for any additional Medicare cost-sharing payments that may be reimbursable by Medicaid, and (2) refrain from collecting any cost sharing from the QMB or QMB+ enrollees.
- For services rendered to the Contractor's SLMB+ and Other FBDE enrollees, contracted providers will accept the Contractor's Medicare reimbursement as payment in full or bill the MCE or State, as applicable, for services that are covered under Indiana's Medicaid state plan or an Indiana Medicaid waiver, and refrain from collecting cost sharing from SLMB+ and Other FBDE enrollees for those services.
- For services rendered to SLMB, QI and QDWI enrollees, contracted providers will charge the enrollees no more than the cost-sharing amounts established within the Contractor's D-SNP PBP.

- R. The Contractor shall recognize limits on the out-of-pocket costs for the dual-eligible persons enrolled in its Plans. The Contractor shall not impose cost-sharing requirements on dual-eligible Plan members that would exceed the amounts permitted under Medicaid regulations.
- S. Medicaid is required by federal regulations to access all third-party payment sources and to seek reimbursement for services that have also been paid by Medicaid. "Third Party" means an individual, institution, association, corporation or public or private agency, including Medicare, private health insurance and workers compensation insurance that is liable for payment of all or part of the medical cost of injury, disease or disability of a Medicaid beneficiary. The Contractor shall cooperate with the State's efforts to enforce third party liability, including procedures for appropriate coordination of benefits between Medicare and Medicaid. Medicare benefits, including those offered by the Contractor through its Plans, will

EXHIBIT 1

ACKNOWLEDGEMENT OF AWARENESS, SERVICES TO BE PROVIDED

sometimes pay after third party resources other than Medicaid and nothing in this Contract shall prevent the Contractor from enforcing its rights regarding payments of and by any non-Medicaid third party.

To ensure the State does not duplicate payments on any provided services, the D-SNP will provide a copy of its CMS submitted SNP bid to the State within thirty (30) days of submission to CMS. The D-SNP will provide a copy of the D-SNP's approved CMS bid to the State if the approved bid differs significantly from the submitted bid. The D-SNP must identify information as trade secret prior to or at the time of its submission for the State to consider classifying such trade secret data as non-public.

Supplemental Benefits

- T. The Contractor shall collaborate with the State on its supplemental benefit offerings and the development process for its supplemental benefit offerings in order to achieve the goals outlined in Section 1.1 of the "Acknowledgement of Awareness" in this contract and to align with member benefits offered through Indiana Medicaid [supplemental benefits are defined under 42 CFR 422.102 and in Chapter 4, Section 30 and Chapter 16b, Sections 20.2.6.1 – 3 of the Medicare Managed Care Manual found at <https://www.cms.gov/Regulations-and-Guidance/Manuals/Downloads/mc86c04.pdf> and <https://www.cms.gov/Regulations-and-Guidance/Manuals/Downloads/mc86c16b.pdf> respectively].

The State has outlined four (4) key principles that the Contractor should use when designing supplemental benefit offerings:

1. Ensure D-SNPs are offering additional benefits that are both population specific and provide extra value to the Indiana PathWays for Aging Dual Care program,
2. Prioritize benefit designs that fill gaps in current benefit structures and support FSSA-identified clinical goals,
3. Simplify supplemental benefit offerings (remove/reduce duplication of coverage for services already covered by Medicaid & Medicare), and
4. Design D-SNP supplemental benefits to support FSSA dual eligible population health priorities while innovating to meet member needs.

- U. The Contractor must submit the following reports specific to supplemental benefits:

1. Proposed Supplemental Benefit Offering Report (due March 15th). The State will provide feedback to the D-SNPs by the end of the first week of April,
2. Finalized Supplemental Benefit Offering Report (due by the end of the first week of September), and
3. Supplemental Benefit Summary Document (due by the end of the first week of September).

The State will provide timely review and approval of supplemental benefit offerings prior to when the Contractor is to file benefits with CMS, in a timeline that aligns with Contractor Medicare bid development work. The State will continue to gather Contractor feedback regarding the updated process and timelines to minimize administrative burden.

Default Enrollment

- V. All Indiana PathWays for Aging Dual Care D-SNPs must obtain approval from the CMS to be able to default enroll members enrolled in its aligned Indiana PathWays for Aging Medicaid MCE. In conformance with 42 CFR 422.66(c), 422.68(a) and other CMS-published sub-regulatory guidance, as applicable, PathWays Dual Care D-SNPs shall perform the default enrollment process for individuals already enrolled in its parent company's Indiana PathWays for Aging Medicaid plan who are newly eligible for Medicare Parts A and B for the first time due to age or disability. The State reserves the right to activate or deactivate default

EXHIBIT 1

ACKNOWLEDGEMENT OF AWARENESS, SERVICES TO BE PROVIDED

enrollment based on plan performance at any time but will coordinate with the affected D-SNP for transition.

- W. In the event that the Contractor receives returned mail from a default enrollment eligible member then the Contractor must make a minimum of three (3) call attempts to the member regarding their default enrollment eligibility.
- X. The Contractor must maintain a minimum STAR rating of three (3) and may not have any prohibition on new enrollment imposed by CMS as outlined under 42 CFR 422.66(c) in order to participate in default enrollment. The State shall provide the Contractor with the information necessary to identify those Indiana Medicaid categorically eligible members who are or will be in their Medicare initial coverage election period during the term of the Contract. At least monthly, the State will use the CMS TBQ and MMA files to identify Affiliated Medicaid MCE members with prospective Medicare Parts A and B eligibility due to age or disability. For the affiliated Medicaid MCE members identified by the State, the State will provide the following information to the Contractor monthly in a proprietary file format via a secure file transfer protocol (SFTP) site no less than seventy (70) days before an affiliated Medicaid MCE member becomes eligible for Medicare Parts A and B due to age or disability:
 - 1. First and last name
 - 2. Medicare Parts A and B entitlement date
 - 3. Date of birth
 - 4. MBI
 - 5. Gender
- Y. The Contractor must establish an internal process to validate information shared on the Default Enrollment Extract sent from the State. The Contractor shall supplement information provided by the State where appropriate in order to enroll, to the greatest extent possible, all members included in the Default Enrollment Extract.
- Z. The Contractor must also take the necessary steps to renew any existing default enrollment process approval(s) with CMS, as per the requirement of 42 CFR 422.66(c)(2)(ii). To minimize the risk of disruption in default enrollment processing, the Contractor shall submit renewal applications to CMS well in advance of the current approved end dates. CMS notifies the MAO six (6) months before the expiration of default enrollment approval. The Contractor shall submit their renewal application within sixty (60) days of receiving CMS expiration notification. The Contractor is required to notify the State within five (5) business days of receiving CMS expiration notice. The Contractor shall provide the following information in their notification to the State:
 - 1. Date by which the Contractor intends to submit a default enrollment application to CMS. Application must be within sixty (60) days from receiving CMS expiration notice.
 - 2. Date by which the Contractor intends to submit application documents to the State for review and request data sharing process. The Contractor is expected to give the State at least thirty (30) days to complete review of the application documents. Documents must be submitted to the State within thirty (30) days after receiving CMS expiration notice.
 - 3. The expected date by which the Contractor will begin to mail the 60-day advance Notice to Confirm Default Enrollment to impacted members after application is approved.

The State expects the default enrollment application to be approved at least sixty (60) days prior to the currently approved application. The Contractor is required to notify the State of any deviations to this timeline within two (2) business days of identifying potential delay.

3. To operationalize and maintain the unified grievance and appeal process, the PathWays Dual Care D-SNP must ensure alignment between the PathWays and PathWays Dual Care D-SNP grievance and appeal processes, including alignment in timeframes for notices, responses, and resolutions. The PathWays Dual Care D-SNP will operationalize

The State reserves the right to require PathWays Dual Care D-SNPs to use other CMS-provided model materials to support the integrated grievance and appeal process.
5. When populating the Coverage Decision Letter with plan-specific information, the PathWays Dual Care D-SNP must refer to its single member services/customer service phone number as described in Section 3.DD.

CC. Member Materials

Integrated Member Materials

1. The Contractor is required to submit integrated member materials to the State for review within the timeframes established by the State. DD. Integrated Customer Service

1. The Contractor shall be responsible for establishing a single member services/customer service phone number for current dual eligible enrollees to contact the Contractor regarding their PathWays Dual Care D-SNP, PathWays MCE, and benefits. Members must be able to access one line that is directly answered by a single, trained, live representative who is either:

For PathWays Dual Care members, this includes coordination and full management of the services set forth in **ATTACHMENT B** to this Exhibit 1, **INDIANA PATHWAYS FOR AGING BENEFITS**.
- C. The Contractor shall assist members in coordinating all needed Medicaid services, facilitating access to those services, and arranging for the provision of such services through identification and referral to participating Medicaid providers—including long-term services and supports (LTSS) and home and community-based service (HCBS) providers—in its provider network and within its approved service area as listed in Exhibit 2 of this Contract. This includes proactively identifying members before they become 60 years of age and assisting them in transitioning to PathWays Dual Care and the PathWays Waiver when applicable.

ACKNOWLEDGEMENT OF AWARENESS, SERVICES TO BE PROVIDED

- D. The Contractor shall be responsible for providing care coordination for all Medicare and Medicaid services for all members including those the State has designated as High-Risk. For the purposes of this contract, FSSA defines a High-Risk member as any member of the CO D-SNP PBP available to full-benefit dual eligible individuals that are not eligible for the Indiana PathWays for Aging program (QMB-Plus, SLMB-Plus, Other FBDE) who is currently enrolled in the Health and Wellness (H&W), Community Integration and Habilitation (CIH), or Family Supports (FS) HCBS Waiver or Money Follows the Person HCBS programs.
- E. The Contractor shall develop separate written care coordination policies for each PBP: Indiana PathWays for Aging Dual Care (NFLOC PBP and non-NFLOC PBP) non-PathWays Full Duals PBP, and Partial Duals PBP within the MOC submission. Written care coordination policies and amendments for any contract year shall be submitted to FSSA for review at least one hundred and twenty (120) days prior to January 1 of the contract year.
- The Contractor shall incorporate the care coordination policies developed under this Section in its D-SNP MOC which shall be reviewed and approved as part of the State's MOC review process. The State shall work in good faith with the Contractor on the most efficient and effective incorporation of this information in its MOC and other relevant plan documents as indicated in Section 4.GG of this contract.
- The Contractor shall ensure that its MOC appropriately reflects updated care coordination standards/requirements corresponding to the changes in coordinating care with the Indiana PathWays for Aging MCEs. The D-SNP will submit the MOC to the State with associated care coordination policies and procedures as evidence of implementation of Indiana PathWays for Aging requirements.
- F. The Contractor shall assume primary responsibility for care coordination of aligned PathWays members including a designated D-SNP care coordinator (distinguished from D-SNP care manager terminology to be used for non-PathWays D-SNP members) and fully integrated Health Risk Assessment (HRA), Individualized Care Plan (ICP), Interdisciplinary Care Team (ICT), and Care Transition protocols. The Indiana PathWays for Aging Dual Care PBP(s) will provide all covered Medicare benefits to meet or exceed care coordination standards as detailed in the PathWays Scope of Work and include:
- a. PathWays stratification to complex care management including but not limited to PathWays Dual Care members with cancer; uncontrolled heart failure, COPD, or diabetes; severe mental illness; or palliative care service needs;
 - b. PathWays members will have a dedicated longitudinal PathWays Dual Care care coordinator (who serves as the PathWays care coordinator), responsible for developing and ensuring implementation of the ICP;
 - c. PathWays specifications on components to be included in the ICP of PathWays Dual Care members;
 - d. PathWays specifications on frequency of care management contacts and in-person vs telephonic contacts;
 - e. PathWays specifications on PathWays Dual Care care coordinator responsibilities with aligned PathWays Waiver and NF service coordinators;
 - f. PathWays Dual Care ICT serves as the PathWays ICT;
 - g. PathWays Dual Care care coordinator responsible for care transition processes of PathWays
- G. The Contractor shall collaborate with the State to increase the level of integration and alignment of Medicare and Medicaid services to High-Risk members. This shall include all functional and social supports provided through the waivers. To this end, the Contractor—to the greatest extent possible—shall:
1. For all High-Risk members (H&W Waiver, MFP, CIH Waiver, and FS Waiver), assign a designated D-SNP care manager who provides longitudinal care coordination that includes coordination with the member's waiver service coordinator and serves as the

member's transitions point of contact. The Contractor must make good faith efforts to enroll these members into case management;

2. Make good faith efforts to incorporate High-Risk members' waiver service plans into their D-SNP care plan. The State shall assist the Contractor with accessing the waiver service plans through a State-designated system into its existing systems and processes;
 3. Identify, assess, and incorporate existing advance directives—including the designation of a health care representative—into each High-Risk member's D-SNP care plan when applicable;
 4. Assess and document "What Matters" most to Indiana High-Risk D-SNP members pertaining to critical issues in their lives and goals and preferences for care; and include this information and use it to inform the member's individualized D-SNP care plan when applicable. The Contractor shall use the Resources to Practice Age Friendly Care of the Institute for Healthcare Improvement as the source for best practices (<http://www.ihl.org/Engage/Initiatives/Age-Friendly-Health-Systems/Pages/Resources.aspx>).
 5. As part of the Part D Medication Therapy Management (MTM) Program and/or D-SNP care management program, include Comprehensive Medication Review (CMR) annually by a pharmacist working in collaboration with the D-SNP member's care manager and prescriber(s) for PathWays Waiver and H&W Waiver participants with a diagnosis of dementia which includes:
 - Medication Action Plan
 - Personal medication list
 - Summary of recommendations
 - Medication refill reminders
- H. To facilitate D-SNP member awareness of local community resources and access to non-institutional long term services and supports, the Contractor shall also offer referrals within seven (7) calendar days to the appropriate Indiana Area Agency on Aging (AAA), any non-waiver/nursing facility D-SNP member identified as having strong predictors of needing LTSS but who may not already be enrolled in the PathWays, H&W, FS or CIH Waiver or may not be receiving any LTSS currently. For Indiana PathWays for Aging members that are identified as having strong predictors of needing LTSS by the Contractor, the Contractor must coordinate with their PathWays MCE to address member needs as first line solution and to avoid duplication of referrals to the AAAs. If there is a need for level of care (LOC) determination and/or waiver eligibility, the Contractor will make the referral directly to the Level of Care Assessment Representative (LCAR) and not to the AAA.
- Strong predictors of needing LTSS shall be identified through the Contractor's health risk assessment or a change in health status that may include but is not limited to members:
1. Admitted to a Skilled-Nursing facility (SNF);
 2. Needing help in Activities of Daily Living (ADLs);
 3. Having a diagnosis of dementia.
- I. The State shall establish procedures, the levels of communication, and data submission systems to support the referrals made under Section 4.H. These shall be continuously developed as part of regular care coordination meetings with the Contractor, the State, and Indiana AAAs. The State shall consider all Contractor feedback and shall have final approval authority. The Contractor shall implement the State-approved procedures established from these meetings. The State will work in good faith with the Contractor to ensure that any new procedures, data systems, and communications do not conflict with CMS regulations and requirements and does not disrupt member care.

EXHIBIT 1

The Contractor shall regularly communicate and collaborate with the State and Indiana AAAs to maintain up-to-date contact information and working knowledge of AAA operations and practices in order to carry out the referral processes developed as part of this section.

The Contractor shall incorporate in its existing care coordination policies the practices and systems developed to support the referrals outlined in Section 4.H. These descriptions must be reviewed and approved as part of the State MOC review process.

- J. For non-waiver/nursing facility D-SNP members identified as having strong predictors of needing LTSS under Section 4.H, in addition to offering a referral to the appropriate AAA, the Contractor shall:
- 1) Work in good faith with the State to develop processes for assessing and documenting informal caregiver supports and to implement a project plan that takes into account the Contractor's system capabilities and capacity. The Contractor is required to update and revise this plan annually to align with State goals and initiatives that involve informal caregivers.
 - 2) The Contractor shall use data and information sharing to enhance the coordination of Medicare and Medicaid services for members identified under Section 4.H. The State reserves the right to designate and make good faith requests to change the system and format of data/information sharing as necessary to support the current state and level of success of referrals for these members. Upon such a request from the State, the Contractor shall make reasonable efforts to change the system and format of data/information sharing to comply. Notwithstanding the foregoing, any change to the system and format of data/information sharing shall be implemented in such a way that will not disrupt member care.
- The Contractor shall incorporate all processes developed under Sections 4.G-J of this clause into the D-SNP MOC which will be reviewed and approved as part of the State's MOC review. The State shall work in good faith with the Contractor on the most efficient and effective incorporation of this information in its MOC and other relevant plan documents as indicated in Section 4.GG of this Contract.
- K. For all members having a Serious Mental Illness (SMI) diagnosis, the Contractor shall,
- a. Assign a designated D-SNP care manager who provides longitudinal care coordination and serves as the member's transition point of contact, and
 - b. Make good faith efforts to enroll these members into case management. SMI diagnosis is defined as the SMI groupings and diagnoses common to CMS and Indiana: F20 Schizophrenia, F25 Schizoaffective disorder, F31 Bipolar disorder, and F33 Major depressive disorder, recurrent.
- L. The Contractor shall identify all members receiving behavioral health services and coordinate care with the appropriate behavioral healthcare provider. These services include:
- a. Medicaid Rehabilitation Option (MRO)
 - b. Behavioral and Primary Healthcare Coordination (BPHC)
- M. The Contractor must establish clear procedures for supporting members who are being discharged from State Psychiatric Hospitals (SPH). D-SNP care managers will build in processes for care transition planning for those being discharged from an SPH back to a community setting, such as collaborating with SPH staff and Community Mental Health Center (CMHC) gatekeepers in advance of discharge.
- N. For all members having a diagnosis of dementia, the Contractor shall,
- a. Assign a designated D-SNP care manager who provides longitudinal care coordination and serves as the member's transitions point of contact, and
 - b. Make good faith efforts to enroll these members into case management.

The Contractor shall submit a draft Dementia Care Program Plan annually for approval one hundred and twenty (120) days prior to January 1 of the contract year. The draft plan shall include program details for all D-SNP members with a diagnosis of dementia. The State reserves the right to require more than one revision cycle with the draft plan. The approval of the draft plan shall take into account the Contractor's timelines of training, system capabilities, and staffing capacity to support successful implementation. The Contractor shall make good faith efforts to operationalize the plan for dementia care, education and supports by January 1 of the contract year. The Contractor is required to update and revise as needed its dementia plan to align with State goals and initiatives around dementia care and the State Dementia Strategic Plan defined in Indiana code at IC 12-9.1-5.

The Contractor shall develop written policies and procedures for how it will use CareWeb/CDS information to supplement member care plans and to exchange the data required for High-Risk Member data feeds outlined in Sections 4.S–Y of this contract.

The Contractor shall exclude from the information sharing files submitted to the State any ADT alerts received from IHIE with admit dates beyond one hundred and twenty (120) days in the past.

Information Sharing

S. Upon the Contractor learning a member, who is identified as High-Risk under Section 4.D of this clause and in Section 6 (Definitions), is subject to one of the following scenarios, the Contractor shall notify FSSA within two (2) business days, in a manner and format prescribed by the State:

The State reserves the right to require the designated tool, domains, questions, process of collection, as well as the file and data sharing procedures required for SDOH assessments.

- BB. The Contractor shall account for State goals and initiatives in the SDOH assessment. The State shall provide information and guidance to the Contractor on its broader goals and specific initiatives.

6. DEFINITIONS

Alignment: The coordination and streamlining of Medicare and Medicaid regulations, policies, and operations to increase overall program effectiveness; to identify and eliminate conflicting program requirements and competing program incentives; as well as to bridge identified program gaps.

Aligned Enrollment: The enrollment in a dual eligible special needs plan of full-benefit dual eligible individuals whose Medicaid benefits are covered under a Medicaid managed care organization contract under section 1903(m) of the Act between the applicable State and the dual eligible special needs plan's (D-SNP's) MA organization, the D-SNP's parent organization, or another entity that is owned and controlled by the D-SNP's parent organization. Default Enrollment: Subject to both State and CMS approval, Medicare Advantage Organizations (MAOs) may automatically enroll members of an affiliated Medicaid Managed Care Entity (MCE) into its Medicare Dual Eligible Special Needs Plan (D-SNP) when that member becomes newly eligible for Medicare Parts A and B by virtue of age or disability for the first time and will remain in the Medicaid managed care plan upon conversion to Medicare.
